

Policy Act requirements. Because the review process involves preparation and dissemination of draft and final environmental impact statements and lengthy Federal agency review; states should anticipate that it will take at least 7 months between the time a state first submits a draft management program to OCRM for threshold review and the point at which the Assistant Administrator makes a final decision on whether to approve the management program. Certain factors will contribute to lengthening or shortening this time table; these factors are discussed in OCRM guidance on the review/approval process. The OCRM guidance also recommends a format for the program document submitted to the Assistant Administrator for review and approval.
